Policy Governance® Boot Camp

Hosted and facilitated by Partners in Policy Governance®, Eric Craymer, MBA, and Sue Radwan, MEd

Looking for a thorough understanding of Policy Governance® (PG) as a model for Boards of Directors?

Partners in Policy Governance® has created a two full day event focused on Policy Governance Theory-- what it is and why it works.

During the session, you will learn:

- ✓ The essential elements and concepts that are *critical* to understanding what is and is NOT PG
- ✓ The important concepts that contribute to why the system works
- ✓ How elements of the PG model compare with other methods of governance
- ✓ How the 10 principles of PG change how governing is done
- ✓ What benefits and value adopting a model of governance can bring to your organization

We conducted research to discover what people found valuable in intensive education on Policy Governance. We have designed this event around our findings. We have discovered that the theory and understanding of why the

theory works, overlaid with a mix of different sector Boards attending together brings a huge value. When you can talk about how the principles are interpreted in different organizational settings you gain deeper insight into how Boards apply the principles in different contexts. This leads to a new level of model understanding. **Because of the importance of this type of networking, we strongly encourage all attendees to plan on participating in group dinners planned for Day 1.**
